## BOARD MEMBERS TO VISIT AREA SCHOOLS SUNDAY

Gettysburg Joint District school board members will board a bus Sunday afternoon to make an inspection tour of new elementary school buildings in this area to help them in planning the new grade school building to be erected in Colt Park in 1953.

Plans for the trip with the first stop at a new school at Thomasville were announced Monday evening at the board's December meeting. The tour is being arranged by the Buchart Engineering Corporation, architects for the new building here. The trip will be made in a Mt. Joy Twp. school bus leaving from the local high school building at 12:30 p.m.

The Buchart firm notified the board Monday evening it is preparing cost estimates on the new building after the completion of room and grading plans. Next Tuesday a board of viewers will open its hearings at the school site in a court-directed move to determine the amount to be paid the former owner of the land taken by condemnation proceedings.

## EDWARD HARVEY IS FOUND DEAD THIS MORNING

Littlestown Chief of Police Melvin H. Swab and state police of the Gettysburg station today were seeking relatives of a 50-year-old man found dead at 6:45 o'clock this morning in the T. C. McSherry woods on the southeastern outskirts of Littlestown.

The body was identified as that of Edward Harvey, an itinerant, whose last known address was given as Taneytown, Md., and his last employer as Hubert Null, also of Taneytown. The identification was made by Joseph Eperly, Thurmont, and Leslie Hamilton, Baltimore, two companions who were with Harvey Monday afternoon, Chief Swab said.

Coroner Is Summoned

Harvey was last seen alive by these two men between 3 and 4 o'clock Monday afternoon, in Littlestown. He was said to have been in an intoxicated condition at that time, police stated.

The body was discovered by John Mays, Littlestown. Dr. C. G. Crist, Adams County coroner, who conducted an investigation, said death was due to acute alcoholism and exposure.

Chief Swab said Harvey was apparently returning to a "hobo" camp in the McSherry woods, and had slipped in soft mud and fallen into a small stream of water and had been unable to get up. The spot is west of the Littlestown standpipe, near the Pennsylvania Railroad tracks.

The body was taken to the J. W. Little and Son Funeral Home in Littlestown to await funeral arrangements.

## WORK OF U.N. IS LAUDED IN TALK BEFORE ROTARY

The work of the United Nations was outlined Monday evening to the local Rotary Club at its meeting in the YWCA, by Charles Raith, instructor in the department of political science and economics at Gettysburg College.

Introduced by Dr. W. Frederick Shaffer, of the International relations committee of the club, Professor Raith asserted that "the United Nations has done an outstanding job. The apparent failures in relations between Russia and the other countries have taken the headlines and have given a false impression. The constructive work has, naturally, received less publicity."

He described the work of the World Health Organization of the UN in combating diseases and plagues in various parts of the world and generally raising the level of health in numerous countries; the work of UNESCO in education and the work of the

## NEW MERCURY AUTOMOBILES ARE ON DISPLAY

Styling changes to give a lower, wider appearance, and improved car performance are among the achievements in the 1953 Mercury which will go on display in Dave Oyler Motors showrooms Wednesday.

In addition, it has a new two-position door check on the doors of all models. This extra door stop position is safer and more convenient, especially in crowded parking areas. With it, doors can be held in half-open position as well as in the standard full-open position.

An improvement in Mercury performance has been brought about by changes in the exhaust system and a new air cleaner. A straight-through muffler replaces the three-pass muffler used on 1952 models, and the tail pipe has been enlarged to two inches. These improvements have decreased back pressure as much as 50 per cent, providing a more efficient use of the power developed by the engine.

These changes are responsible for the all-around improved performance of the Mercury — performance, which trims more than four seconds off the time in accelerating from a standstill to 80 (Please Turn to Page 4)

## NAMES OF 350 COUNTIANS ARE IN JURY WHEEL

The names of 350 countians were placed in the jury wheel today to provide the petit and grand jury lists for 1953.

Selection of the names was made Monday by the jury commissioners, L. Robert Crouse and Edgar A. Wolfe, Sheriff Dorsey J. Schultz and Judge W. C. Sheely. First the names of about 50 persons who had been placed in the wheel last year, and whose names were not drawn during the year, were removed from the wheel to form the basis for this year's list.

To that number were added new names to bring the total to 350. The jurors are selected by district, according to the population of each district. The number runs from four for Abbotstown to 54 for Gettysburg, Gettysburg, First Ward, gets the largest number of jurors, 21. Gettysburg Second Ward has 16 and Third Ward 17. Each of the wards in Littlestown is allotted nine and each of the wards in McSherrystown gets eight.

The selection is made by district to make certain that each district is represented in the wheel according to its population. After the list of names was completed, about 6 o'clock Monday evening, the jury commissioners and sheriff adjourned until 10 o'clock this morning when the name strips were rolled for placing in the wheel. The rolls were placed in the wheel and each jury commissioner and the sheriff placed his seal on the wheel to guarantee that there will be no tampering until the jury commissioners are directed by the court to open the wheel on four occasions next year to draw juries for the various terms of court.

The list of those whose names were placed in the wheel follows:

**Abbotstown**  
Sterling Berkheimer, Richard E. Herman, Gilbert Zeigler, Geraldine V. Hafer.

## ENGINEERING AND FORESTRY PLAN ADOPTED

By action of the board of trustees and faculty, Gettysburg College has adopted the cooperative plan of Pennsylvania State College for Engineering Courses. Under the plan a student may attend Gettysburg College for three years, taking required courses and electives and after completing satisfactorily these Liberal Arts Courses, he may enroll in any of the Engineering Courses at State and complete his work in two more years.

At the end of the five years of satisfactory work, he will receive his A. B. from Gettysburg and his B. S. in Engineering from State College. This five-year plan will permit a student to take up his work at the latter school as a Junior instead of a Freshman. This will relieve the overcrowded condition of engineering classes in the Freshman year and will supply replacements for the junior year when enrollments decrease.

A similar plan of cooperation with Duke University has been adopted for students who plan to work for a degree in Forestry. Upon the successful completion of a five-year coordinated course of study, a student will have earned the Bachelor of Arts degree from Gettysburg and the professional degree of Master of Forestry from the Duke School of Forestry.

Candidates for the Arts-Forestry courses will be admitted to Gettysburg under the same conditions as for other curricula. To be eligible for transfer for the professional program in Forestry, a student must rank in the upper half of his class during the fifth semester. At the end of the first semester of the third year, Gettysburg College will recommend qualified students for admission to the Duke School of Forestry.

went to the aid of Mrs. Shorb. He said he had heard a car before the thud, but saw no vehicles moving in the street when he went to investigate. Blair said that almost immediately after he reached the scene he began to direct traffic around the injured woman.

**Neighbors Testify**  
Roy King, another neighbor of Mrs. Shorb, said he heard a loud thud while seated in the kitchen of his house. He went to investigate, he said, and found Mrs. Shorb and Albert Bair at the scene. Mrs. Shorb was lying beside his pickup truck, King said, and was partly underneath it. King said he was aiding Mrs. Shorb when he heard "a lady say to another woman" I said, "My God, don't hit her." King said he was told the woman making the remark was Mrs. Charles Riffle of Littlestown.

Mrs. Riffle, testifying later, declared she had not made any such remark. She said her son, Lloyd Riffle, of Ohio, home on a vacation, was driving her and her husband on S. Queen St. when they observed "something lying on the road." Later, she said, they discovered that the object was a woman and stopped. Mrs. Riffle said she stayed with Mrs. Shorb until after the injured woman had been taken into her home and neighbor women came to attend to her.

**Similar Testimony**  
Lloyd Riffle said he saw an object on the road, and at first thought it was someone lying partly under the pickup truck effecting repairs. When he came closer and saw that it was a woman apparently injured, he said he stopped his car and ran to the scene to give what help he could. His mother also went with him, he said.

Charles Riffle gave about the same testimony.

None of the three recalled seeing any cars ahead of them. All three said no one had reached Mrs. Shorb to give her aid when they approached.

**Saw Man and Woman**  
Mrs. Carl Baumgardner, another neighbor of Mrs. Shorb, said she heard a thud and a car stopped quickly. She said she went to a window and saw a light colored car "pulling across Boyer St., and then pulling back quickly to park. I saw a man and woman get out of the car quickly and run back. Then I heard a woman scream like a great 'oh'." She added that the woman running back had a bandanna on her head and the man was wearing a light jacket.

Lloyd Riffle testified previously to parking at Boyer St. His mother was wearing a bandanna and he a jacket.

Mrs. Baumgardner added that the thud she heard and the parking of the car were practically simultaneous.

Nicholas Redding, Littlestown, told of arriving on the scene and holding Mrs. Shorb until Dr. Coover arrived and directed that she be moved into her house.

Littlestown Chief of Police Melvin Swab told of being called to the scene. He added that he had asked the assistance of state police and that State Policeman James A. Treas responded.

**Paint Off Car**  
Treas said that examination of the Riffle car showed several places where paint had been scraped from the fender. At one spot the paint appeared to have been brushed off, as if it had struck something made of fabric, he said. The policeman added that at one spot where the paint was entirely off the fender there was no sign of rust, but Lloyd Riffle claimed the paint had been knocked off three years before by Winfield Lippy, when he drove the car. Lippy, Treas said, denied ever driving the vehicle.

An ankle high rubber boot worn by Mrs. Shorb was knocked off when she was hit, Treas said. The boot had light colored paint on it, but there was not enough paint there to make a laboratory examination of the type of paint on the boot, he added.

The jury hearing the case included: G. Henry Roth, Bernard Schott, Bernard G. Stonieser Sr., William E. Mumper, William C. McCrorie and Mrs. Ethel Crist.

The directors decided to return to the schedule of board meetings the first Monday of each month and the January meeting will be held January 5.

The board voted approval of plans for the formation of a Junior Chamber of Commerce here, and at the request of organizers will send its endorsement to national headquarters in Indianapolis.

Mrs. Helen Snyder, secretary, reported a membership of 100. She said 2,000 Gettysburg folders were sent out last month; 225 letters answered and reported a large number of requests for information from tourists.

## CHAPTER III

## The Pirates

Down and down went Prince Jonathan into the heaving waters of the ocean. He fought his way to the surface and gasped for air. A thundering wave crashed over him and sent him down again.

"Help! Help!" he cried when he came up.

But there was none to hear him. He had been carried far away from the floundering ship. He choked as the angry waters swept him under.

"I am done for!" he thought. But this time as he rose to the surface his head struck something hard. It was a small empty barrel which had, like himself, been torn from the ship. Eagerly the Prince threw his arms around the barrel and clung to it for his life.

Now he was no longer sucked down into the ocean. He rode the top of the waves. As long as he had the barrel he was safe.

So he rode until the storm finally ended. Now the Prince eagerly scanned the sea for his ship. It was no where to be seen. But, there was land! His spirits rose as he paddled his barrel towards the speck of an island that lay in the middle of the big ocean.

At last his feet touched bottom. He staggered out of the ocean and fell exhausted on the beach.

Almost at once he fell asleep. The sun came from behind the clouds and warmed him. When he woke up he jumped at once to his feet. "I have been wasting time!" he scolded himself. He was filled with anxiety when he thought of

"Who might you be?" thundered this awful thing.

his father and the people of Fairvania who would fall into Lubi's hands on Christmas eve.

"I must get to Santa Land," he swore. "I will find a way."

He set off to explore the island. He left the beach and pushed his way through a woods. No where did he see a sign that any other being was on the island. He came

at last to a hill. "Perhaps people live on the other side," he thought happily.

He climbed wearily up the steep sides. But when he reached the top and looked down there was still no house, no person to be seen. But as he raised his head he saw something that caused him to shout with joy.

A ship lay anchored off the shore!

"It's my ship!" cried Prince Jonathan. "The men are ashore looking for me!"

He tore down the side of the hill. He tripped over hidden vines, smashed into trees, scratched his face. He hardly noticed.

He reached the bottom of the hill, thrashed through the woods and burst onto the beach. He shouted, "Here I am! Here I am!"

A group of men standing on the beach stared in astonishment at the shouting Prince. And the Prince suddenly stopped and stared in surprise at them.

They were not sailors from his majesty's navy. There were pirates. And then Prince Jonathan saw the anchored ship was not his at all. It was a pirate ship flying the skull and cross bones at her mast.

"All the same," thought the Prince, "perhaps they will help me."

The leader of the pirates stepped forward. He was a great, big fellow with a nose ten inches long and red hair, with bangs that almost covered his eyes and curls that fell to his knees.

"Who might you be?" thundered this awful thing.

The Prince swallowed and smiled a trembling smile. "I am Prince Jonathan from the Kingdom of Fairvania," he said. "I was on my way to see Santa Claus when I was lost from my ship in the storm."

"A Prince!" exclaimed the pirate with delight.

"Will you help me?" cried the boy.

"A Prince!" murmured the pirate again. "Mmm — a Prince!" Suddenly he raised his voice to a shout. "Men! Grab the Prince! We'll hold him for ransom!"

## AWAIT FRENCH REACTION TO NEW PROPOSAL

UNITED NATIONS, N. Y. (AP)—United Nations diplomats today awaited French reaction to appeals for resumption of direct negotiations with Tunisia aimed at greater self-government for the violence-torn North African protectorate.

The calls for peaceful settlement of the crisis were made — amid reports of new rioting and troubles in French North Africa — by the United States and 11 Latin American countries despite a French boycott of the U. N. debate on Tunisia. The French maintain that the question is an internal affair and no concern of the U. N.

The U. S. position was explained by Delegate Philip C. Jessup, who told the 60-nation Political Committee that American feels that both France and Tunisia are right.

## Earlier Talks Broke Down

"It is they who must work out their destinies," Jessup declared. "Let us here in this General Assembly declare that the responsibility and opportunity are theirs." Jessup's speech followed the introduction of a moderating resolution put before the committee by Brazil, Costa Rica, Cuba, Ecuador, Honduras, Panama, Paraguay, Peru, Nicaragua, Uruguay and Venezuela.

This appealed for both the parties to settle their disputes in accordance with the spirit of the U. N. Charter and expressed the hope that the French and Tunisians negotiations with a view to bringing about self-government for Tunisians under the U. N. Charter.

Previous French-Tunisian talks broke down earlier this year.

## Truman Will Return To Capitol Today

INDEPENDENCE, Mo. (AP)—President Truman prepared to start back to Washington today to resume, for six more weeks, the duties of a chief of state.

The President and his family returned to their Missouri home for the funeral of Mrs. David W. Wallace, 90, who was buried yesterday. She was Mrs. Truman's mother.

Close to 90 relatives and good friends of the Truman and Wallace families attended the Episcopal funeral service yesterday. It was held in the fine old house which was Mrs. Wallace's lifetime home until, in failing health, she was taken to Washington by her son-in-law.

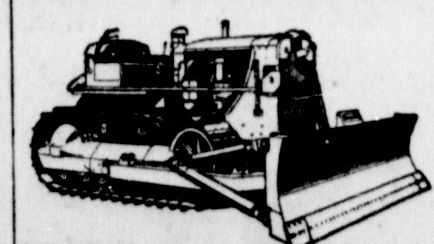

In 1951 there were 3,833,000 births in the United States.

## Shark Tears Boy To Death

PACIFIC GROVE, Calif. (AP)—A 15-foot shark ripped 17-year-old Berry Wilson to death only 50 feet from shore in Monterey Bay.

The huge shark severed one of Wilson's legs, badly gouged the other, and tore huge chunks of flesh from his thighs.

Leaving Wilson, who bled to death, the shark then attacked his companion, Brookner W. Brady Jr., 15, who fought it with a knife. As four other swimmers approached, the shark fled.

The fish was identified Sunday by Marine biologists. Fishermen speculated that storms had driven the huge shark into the bay. It was the first time in the memory of old timers that a shark had harmed a person off the Northern California Coast.

## SAY IKE SHOULD CONSULT "MAC"

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) said today President-elect Eisenhower would be wise to "utilize the genius" of Gen. Douglas MacArthur in forming any new plans to end the Korean War.

MacArthur, who refrained from endorsing Eisenhower in the election campaign although he keynoted the GOP convention, announced Friday he has a plan for "a clear and definite solution of the Korean conflict" without involving unduly heavy Allied casualties.

He declined to disclose the plan publicly, but left the clear impres-

sion he would be glad to discuss it with Eisenhower. He made the remarks in a speech to the National Association of Manufacturers. McCarthy, Sen. John Marshall Butler (R-Md.) and Sen. John Stennis (D-Miss.) said in separate interviews they believed Eisenhower should—and probably will—seek MacArthur's views after returning from his trip to the Korean war zone.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

FIFTY YEARS AGO

Removals: Cornelius Dougherty  
and family have moved from the  
Compiler building to "Linwood,"  
corner of High and Washington  
streets.

Druggist Charles M. M. Drum,  
with L. M. Buehler, will move with  
his family from "Wild Wood," to  
Mr. Buehler's house on York street,  
recently made vacant by Mr. Landis  
moving from town.

Local Miscellany: Coal oil took  
another jump, advancing one cent  
one the gallon. This makes an ad-  
vance of 3 cents within the past  
few weeks.

The jingling of sleigh bells was  
heard on the streets Friday morn-  
ing.

The lovers of art who saw the  
exhibit of Mrs. Edna Zane in the  
art rooms of W. H. Tipton last  
Friday were delighted. The work  
was exceptionally well executed and  
showed great skill.

Owing to the inclement weather  
on Friday, the public schools were  
poorly attended.

Excellent weather for butchering  
and many people in town are taking  
advantage of it.

The thermometer registered 13°  
above zero Friday morning—lowest  
point yet reached.

The cold weather has caused a  
busy time for the blacksmiths—  
roughing horses.

Col. E. Spangler received another  
car load of coal Monday, and the  
same has all been delivered to  
customers who had previously left  
their order. Kelly & Oyer except  
to receive one or two car loads this  
week.

Restaurant Changes Hands: Police-  
man James McDannel has pur-  
chased the good will and fixtures  
pertaining to the restaurant, con-  
ducted by J. S. Eckenrode, on Bal-  
timore street, near the Diamond. Mr.  
McDannel will employ a man to  
conduct the business.

Marriages: Cook-Routzahn.—Dec.  
7th, at Arendtszahn, by Rev. D. T.  
Koser, Harry A. Cook to Mattie  
A. Routzahn, both of Tyrone town-  
ship.

Eicholtz-Hoffheins.—Dec. 4th, at  
New Chester, by Rev. H. W. Bender,  
Clay E. Eicholtz, of Tyrone town-  
ship, to Miss Minerva L. Hoffheins,  
of Straban township.

Miller-Valentine.—Dec. 4th, at  
Littlestown, by Rev. L. A. Mann,  
D.D., Edward H. Miller, of Car-  
roll county, Md., to Miss Clida V.  
Valentine, of Mountjoy township.

Eppelman-Rebert.—Dec. 4th, in  
Union township, by Rev. John J.  
Souffer, Wm. A. Eppelman to Miss  
Annie I. Rebert, both of Union  
township.

Kling-Rhodes.—Dec. 4th, at Ida-  
ville, by Rev. Oscar H. Gruver, Prof.  
E. W. Kling, of Biglerville, to Miss  
Florence Rhodes, of Idaville.

Rohrbaugh-Mehring.—Nov. 26, at  
Littlestown, by Rev. J. Hamilton  
Smith, Lorin A. Rohrbaugh, of Han-  
over, to Miss Cora A. Mehning, of  
Littlestown.

Gettysburg Boy Founder: At Cam-  
den, New Jersey, a Commercial Col-  
lege has been founded by a former  
Gettysburg boy—Prof. George O.  
Swartz, son of Dr. Joel Swartz. The  
institution opened its short-hand  
and typewriting department last  
month and it promises to be a most  
successful one.

President's Message: The second  
annual message of President Roose-  
velt is only about one-half as long  
as the first.

From the message every material  
interest in the country can extract  
encouragement and assurance that  
it will not be harassed by unwise  
legislation or disturbed by ill-  
considered attack.

The message urges action by  
Congress in restraint of the trust  
evil, but not such action as would  
tend to destroy combinations of  
capital. As the President says, and  
all Americans will agree: "We are  
not hostile to them; we are merely  
determined that they shall be so  
handled, as to subserve the public  
good."

The President speaks with par-  
donable pride of the promulgation  
of peace and amnesty of the Phil-  
ippine Islands.

time was had at Mr. Andrew Baker's,

## Today's Talk

### AUTOMATIC BLESSINGS

My attention was recently called  
to the great usefulness of the hu-  
man thumb. So automatic is its  
use that we think little of it, yet  
how handicapped is that one who  
has lost the use of his thumb! This  
thumb is but one example of the  
many automatic blessings that are  
ours, which we so often mini-  
mize.

If we would but meditate upon  
the many blessings that are ours,  
and which are so evident, we  
would gradually lose track of our  
selfish wants. Our complaints  
would grow less, too. It's as we  
forget these blessings that our  
minds become filled with dis-  
content and unhappy forebodings.

There is a song I recall from  
my youth in which there is this  
line: "Count your blessings, Name  
them one by one." We would be  
happier human beings if each day  
before arising and before retiring  
for the night, we would name our  
blessings one by one. How such a  
plan would crowd out what might  
be false desires or complaints, and  
leave us in a frame of mind most  
wholesome and welcomed.

This body of ours is a most  
wonderful demonstration of auto-  
matic blessings. Without our think-  
ing anything about it, every func-  
tion works automatically. It's only  
when we abuse our body that it  
registers a complaint or danger  
signal. But if we are kind to our  
body, it will be kind to us. A  
healthy working body is one of the  
great blessings of life.

No book that has ever been  
written can instruct so well as the  
open book of nature. There are  
mysteries there, yet man has per-  
formed miracles from them. The  
animals and birds have an in-  
herited instinct, but man has in-  
telligence and is endowed with  
reason. Yet to nature we have  
gone for much of the knowledge  
that is ours. Many a first example  
has been demonstrated in nature.  
Nature distributes its blessings  
lavishly.

The light of each new day is  
an automatic blessing, and if we  
make the most of it, we will be  
doubly blessed. Benjamin Frank-  
lin used to keep a little book in  
which he wrote down his gains and  
losses as applied to personal con-  
duct. By this method he grew and  
became one of the most inspiring  
of all our early Americans, as  
alive today as then!

Tomorrow Mr. Adams will talk  
on the subject: "Ever Present  
Faith."

### A WOMAN'S HAT

It may appear as though it were  
a flying saucer dropped on her.  
It may be large, it may be small,  
Be wide of brim or none at all,  
But since it's what she thought  
to wear  
A woman's hat is her affair.

Time was I'd shake my head and  
smile  
At what was called "the latest  
style."  
I'd ask, when I had viewed her  
hat,  
"What clever salesman sold you  
that?"

But later on I ceased to care,  
A woman's hat is her affair.

'Tis not for man to criticize  
The hat his wife or daughter  
buys.  
Queens have appeared in what  
their kings  
Have thought to be most  
dreadful things.

But kings have learned to their  
despair  
The hats of queens are their  
affair.

## TALKS CONTINUE ABOARD HELENA; CROSS DATELINE

ABOARD THE USS HELENA (P)  
President-elect Dwight D. Eisen-  
hower and his party crossed the  
International Dateline tonight and  
faced another Tuesday of full dis-  
cussions on various aspects of  
problems in the Far East.

The Helena cut through the date-  
line at 8 p.m. Tuesday. That set  
the clock and calendar back to  
Monday.

The ship is due at Pearl Harbor  
at 9 a.m. (2 p.m. EST) Thursday.  
Top-level discussions continued  
yesterday but there was no an-  
nouncement or report to indicate  
their trend. Eisenhower, returning  
from Korea, and his advisers met  
first as a unit, then broke up into  
smaller groups.

### Perfect Score At Skeet

The President-elect and members  
of his "brain trust" took time out  
from weighty world problems to  
do some skeet-shooting on the  
Helena's fantail.

Eisenhower, Gen. Lucius Clay  
and George M. Humphrey whom  
Eisenhower has designated as his  
secretary of the Treasury, shared  
top honors. They shot for 30 min-  
utes and did not miss once.

When the Helena reaches Pearl  
Harbor at the end of its 3,300 mile  
trip from Guam, the group will  
confer for possibly three more days  
with military leaders and advisers  
now gathered there.

Then the general will fly back to  
his headquarters at the Hotel Com-  
modore in New York City.

### ADMITTED TO BAR

Joseph E. Erb, Hanover, a gradu-  
ate of Gettysburg College with the  
class of 1949, was admitted as a  
member of the York County Bar  
association Monday. Attorney Erb  
graduated this year from the Uni-  
versity of Pennsylvania Law  
School, Philadelphia.

SANTA FE, N. M. (AP)—Calm re-  
turned to the New Mexico State  
Prison today with at least eight  
convicts in isolation after a vain  
effort to trade hostage guards for  
freedom.

Six more inmates, not yet iden-  
tified, presumably were due the  
same punishment for taking part  
in a 20-hour rebellion. Warden  
Morris A. Abram said only that  
they probably were involved.

Gov. Edwin L. Mechem said  
there would be an investigation,  
but Abram and other officials  
would be allowed to rest first. The  
chief executive flew back from a  
Western governors' conference in  
Phoenix to take charge while the  
outbreak was in progress.

It ended shortly before noon yester-  
day when eight captive guards  
—for whose release the convicts  
demanded a car to carry them  
through opened gates of the 69-  
year-old penitentiary—were freed  
by the 14 rebel prisoners.

## Bullets Will Entertain Elizabethtown, Mounts Here Tomorrow, Friday

Two home games for the Gettysburg College basketball team features this week's local court program. The Bullets will meet Elizabethtown here Wednesday evening and Mt. St. Mary's on Friday. Both games will start at 8 o'clock.

The Bullets displayed both good and bad form in crushing a weak Western Maryland team 89-56 in opening their season here Saturday evening. However, with more polish and seasoning there is little doubt that Coach "Hen" Bream will again present a formidable outfit.

No change is anticipated in the Bullet lineup for the game with Elizabethtown. Veterans Bob Pizolato, Joe Lang, Johnny Habeeb and Jack Keller will be at their regular posts with Dale Kleinfelter filling in the other berth. Among the first line replacements will be Bill Snyder, who showed up well in his initial appearance, Les Eckman, Howard Scheithauer, Phil Guarneschelli, Tom Lunn, Bill Shull and Barry Wright.

### GHS At Westminster

Gettysburg High has but one engagement this week, meeting Westminster Friday night on the Owls' floor. Westminster pulled a surprise by thoroughly defeating Hanover, defeating South Penn champs, 51-31, Saturday night and will likely be a very strong opponent for the Warriors.

The Owls will have a height advantage with Bob Dell, 6-3, John Kauffman, 6-2, and Gene Jenkins, 6-1, scheduled as starters.

Jim Skinner, Warrior 6-2 tap-off man, is expected to be available following a period of scholastic ineligibility.

Tonight's schedule finds two more county schools getting their first taste of action.

### Games Tonight

Dick Allison's Bigville boys will be host to Washington Twp., while Delone Catholic will entertain East Berlin at McSherrystown.

Other games carded for tonight will find New Oxford at Westminster, and the Littlestown boys and girls at Manchester.

Mt. St. Mary's plays at Towson tonight where they will be seeking their third straight Mason-Dixon conference triumph in as many starts.

The Fairfeld High girls will entertain Quincy in the long game scheduled for Thursday night.

Included on Friday's program will be York Springs at Newport, East Berlin at York Catholic, New Oxford boy and girls at Manchester, Hanover at Delone, and Bigville at Shippensburg.

## SOME SCRIBES, RADIOMEN LIKE NCAA TV PLANS

NEW YORK (AP)—The nation's sports writers and broadcasters gave a shaky vote of confidence to the National Collegiate A. A. program of controlled football television today, but remained very doubtful about what course should be followed in the future.

Two questions concerning television were included in the Associated Press post-season questionnaire about developments in the just-ended football campaign. One was: "Did the NCAA's restricted TV program have any effect on attendance?" The other: "What do you think the 1953 TV program should be?"

### Made Little Difference

A comfortable majority of the experts who replied answered "no" to the first query although some said it with reservations. Most of the others who saw some effects gave the opinion that small colleges still were hurt by the televising of big college games. Only a few thought the game-a-week restriction had improved attendance anywhere or had prevented declines.

It was when the experts came to the second question that the fur, the words and the suggestions began to fly. About four out of every five replies favored restrictions and controls of some sort, but they were far from agreeing on what restrictions and who should exercise the controls.

### 50 Favor Continuance

About 50 ballots, roughly one third of the total, put an OK stamp on the 1952 program and suggested continuing it for another year. About 35 favored putting controls on a regional basis, either allowing each of the eight NCAA districts to set up its own program, as proposed by Doug Mills of Illinois and Fritz Crisler of Michigan, or under some similar system.

Another 30 ballots proposed throwing football television wide open either on a one-year trial basis or permanently.

A number of observers favored broadening the present NCAA program to put several games on the air each week, either nationally or regionally. Others just wanted

## EDDIE RYAN TO FIGHT FOR JOB WITH INDIANS

CLEVELAND (AP)—Eddie Ryan, who now says he wants to retain his job as Cleveland Indians president, promises to settle the club's front-office squabble some time this week.

"Definitely, I want to remain president of the Indians," said the publicity-shy former insurance man, who seemed worried the up-roar would be bad for baseball.

"I want to wind this thing up as quickly as I possibly can," he continued. "There has been so much conjecture that I think the public is entitled to know what's going on."

Declining to comment on how stiff a fight he would put up to retain his post, Ryan said he had the support of five other directors.

The dispute broke into the open last Thursday while Ryan was attending the major leagues meeting at Phoenix, Ariz. It was made until last night that he made it clear he wanted to remain president, although he had indicated that previously.

Details of the squabble never came into the open. Insiders said it started when Ryan pushed the purchase of the Indianapolis team in the American Association. Indianapolis lost money for the Tribe last year.

## NEAR KO IN 1ST, COLLINS WINS

BOSTON (AP)—Tough Tommy Collins of Boston found himself smack in the middle of both the light-weight and featherweight boxing title sweepstakes today after his spectacular triumph over ex-lightweight king Lauro Salas of Monterey, Mexico.

The wiry, 23-year-old belter surged back to an unanimous 10-round decision before a packed Boston Garden throng of 13,909 after the durable Mexican all but knocked him out in the first round.

A whistling left hook to the chin dropped Collins to one knee for the mandatory 8-count at 2:05 of the opening session and then the busy Salas slammed him with a total of at least 40 punches in a furious, two-fisted followup.

That crushing attack left Collins flat on his face and helpless as Referee Eddie Curley tolled the count. But the bell sounded as Curley reached seven and Collins' handlers dragged him to his corner.

From that almost disastrous beginning, the clever and colorful Bostonian fought back gamely, slicing open old cuts above both of Salas' eyes and socking out a wide decision. It was Salas' first start since he lost back his title to Jimmy Carter in October.

Collins now has defeated featherweights Willie Pep, Fabela Chavez, Glen Flanagan and British titlist Ronny Clayton and lightweight champion Salas in 1952 campaigning. He stopped Chavez in 10, former titlist Pep in six and Clayton in five rounds.

Collins weighed 128 to Salas' 131 and the Boston belter can easily add or subtract a few pounds for competition in either the 135-pound lightweight ranks or the 126-pound featherweight division.

PITTSBURGH (AP)—Willie McKay of Longue Vue has been re-elected president of the Tri-State Chapter of the Professional Golfers Association. Perry Delvecchio of Greensburg was named first vice president.

Mike Pavella, Washington Country club, retained the Dave McKay trophy for the best 10-event medal average in 1952. The chapter covers Pennsylvania, Ohio and West Virginia.

more games and several proposed changes in the programming method so that the "big" game could be selected each week as the season progressed.

Other suggestions included a complete ban on TV, limiting TV to sellout games or delayed mid-week showings of films, blacking out the immediate area of a big game and limiting telecasts to the immediate area.

Sammy Baugh, one of the greatest passers in football history, hangs up his famous No. 33 jersey in the Washington Redskins trophy case in Washington, D. C. as he announces he's through as a grid player after next Sunday's game. George Marshall, club owner, watches at right. Baugh has been playing football for 25 years.

## SAMMY BAUGH TO RETIRE AT END OF SEASON

WASHINGTON (AP)—On Sept. 16, 1937, a gangling Texan wearing No. 33 trotted out on the field at Griffith Stadium—and 24,942 fans had their first look at their new pro football team and Sammy Baugh.

As he has for 16 years, Baugh will trot out on the field again Sunday when the Washington Redskins play the Philadelphia Eagles. But this time it will be different. Baugh announced yesterday that this will be his last year as a player.

Most Interceptions  
The indestructible Baugh, quitting at last, holds almost every passing record in the books.

Long ago he reached the point where he couldn't touch a football without setting a new record. Even his errors became statistical history.

For along with throwing more passes, completing more passes and scoring with more passes than any other player in pro history, Baugh also is ahead on the other side of the record: He's had more passes intercepted than any one else.

Gained 42 Miles  
If statistics trouble you, it's easier put this way:

Baugh has completed more than half the passes he's tried. And his completions add up to more than 42 miles gained.

In his early days Baugh was a fine all-around player. He was an exceptional punter, a better-than-average runner, and a standout defensive player.

When the Redskins installed the T formation, Baugh switched from left half to quarterback. He never seemed fully at home in the new position, but even so he could throw so accurately that he still beat out all who tried to take the job away from him.

Future Not Defined  
This year Baugh started the season sharing the quarterback spot with little Eddie LeBaron. But Baugh hurt his pitching hand early in the year, and recently has been used only to hold the ball on tries for extra points and field goals.

Baugh's future? Unclear. The Redskins announcement said merely he was quitting as a player. It didn't say whether or not he would stay on in his other capacity, assistant coach.

Officials of Hardin-Simmons College at Abilene, Texas, where Baugh coached in spring training this year, said yesterday he has promised to confer with them about joining the Hardin Simmons coaching staff.

## Bill Ewing, Bullet Guard, Repeats As Member Of AP 1952 All-State Grid Squad

William "Bill" Ewing, Gettysburg College's brilliant 167-pound guard, was one of four repeaters chosen by the Associated Press on its 1952 All-Pennsylvania collegiate football team which was announced today.

Ewing, 5-10, completed his third varsity season during the recent campaign and is the smallest member of both offensive and defensive squads chosen.

His coach during the past season, Johnny Yovincin, said Ewing was great due to his wonderful spirit. His line coach, Jack Shainline, attributed his fine offensive play to his speed and ability to throw a wide variety of blocks. "Hen" Bream, who coached Ewing for his first two years, acclaimed him as the greatest defensive he ever played.

Penn State's Jesse Arnette polled the largest number of ballots in leading an unusual parade of four sophomores to the all-state team.

Forty sportswriters and radio sportscasters participated in the annual AP poll and 30 of them voted for Arnette, 228-pound negro from New Rochelle, N. Y., as an offensive end.

Other Sophomores  
The other sophomores named to the all-star array were Eldred Kraemer, Pittsburgh, at both offensive and defensive tackles; Roosevelt Grier, Penn State, defensive tackle, and Henry Ford, Pittsburgh, defensive back.

In keeping with the platoon-age of college football, both an offensive and defensive team was selected. The offensive unit averages 208 pounds in the line and 185 in the backfield while the defensive line packs an average of 207 pounds with a 190-pound backfield. The largest player on the squad is Bill Hegarty, 235-pound Villanova tackle, named as an offensive end.

In addition to Ewing repeaters from last year's all-state team include Brad Myers, Bucknell's swift running offensive halfback; Eddie Bell, Penn end, and Joe Schmidt, Pitt's smashing linebacker. Bell repeated on the defensive team and also was selected on this year's offensive unit. Bell and Kraemer were the only double-duty men voted to both teams.

In all there were 11 seniors, five juniors and four sophomores. Offensive Team  
E-Jesse Arnette, Penn State  
E-Edward Bell, Pennsylvania  
T-William Hegarty, Villanova  
T-Eldred Kraemer, Pittsburgh  
G-Charles Weber, West Chester  
G-William Ewing, Gettysburg  
C-James Dooley, Penn State  
B-Tony Rados, Penn State  
B-Gene Filipski, Villanova  
B-Brad Myers, Bucknell  
B-William Reynolds, Pittsburgh

Defensive Team  
E-Edward Bell, Pennsylvania  
E-Don Malinak, Penn State  
T-Eldred Kraemer, Pittsburgh  
T-Roosevelt Grier, Penn State  
G-Wendell Hower, Franklin and Marshall

LB-Pete Schoderbeck, Penn State  
LB-Joseph Schmidt, Pittsburgh  
B-David Bevinio, Clarion  
B-Joseph Varaitis, Pennsylvania  
B-Henry Ford, Pittsburgh

The St. Louis Cardinals came up with four fine rookie pitchers last season in Stu Miller, Ed Yuhas, Harvey Haddix and Wilmer Mizell.

Johnny Schmitz won three ball games last season. The southpaw won a game for the Dodgers, Yankees and Reds. He was beaten twice.

## "GOOD TIME" IS HORSE OF YEAR

COLUMBUS, O. (AP)—Good Time, winner of 23 of his 33 starts in 1952, is the Harness Racing Horse of the Year. It is the second time in five years the nation's turf writers voted Good Time this honor.

Owned by Bill Cane of Goshen, N. Y., the horse will take with him track records at Ohio, New York, Maryland, Massachusetts and Kentucky raceways when he retires to stud next season.

Good Time was the first place choice of 80 of the 99 turf writers who voted in the poll conducted by the U. S. Trotting Association.

Others High On List  
The horse, son of Hal Dale-On Time, finished lower than third only five times this season. Besides his 23 firsts, he raced to three places and two shows.

Other horses garnering votes in the poll were:

# Littlestown TAKE GIFTS TO VET PATIENTS AT MONT ALTO

Members of the Ladies' Auxiliary of the Ocker-Snyder Post No. 321, American Legion and post members made their annual Christmas visit to the veterans at Mont Alto on Sunday afternoon. Each of the 75 patients was given home made cookies and toothpaste from the auxiliary, and candy from the post. Those who visited the hospital were Commander and Mrs. J. Both the post and the Auxiliary received invitations to return to Mont Alto when a convenient date can be arranged, and to make a complete inspection of the hospital, its laboratory and equipment and it was decided to accept the invitation at a later time. Mrs. Lloyd L. Staveland, unit rehabilitation chairman, made the arrangements for Sunday's trip and prepared the packages, with Christmas wrappings for the patients. The cookies were made by the Auxiliary members.

The meeting was opened with two selections by the orchestra; a song service was held with Wilbert Messinger with Mrs. Harold E. Shoemaker as pianist. The Scripture lesson was read by John Koons; prayer offered by LeRoy W. Berwager; vocal duet sung by Mrs. Gloria Barnes and Mrs. LeRoy Berwager, accompanied on the piano by Fred A. Warner, and a selection was played by the orchestra as the offering was being received.

## FORDHAM END SETS RECORD AS PASS CATCHER

NEW YORK (AP) — Six-foot Ed Brown, senior end from Jersey City, N. J., played only eight football games this season with Fordham but still managed to smash the major college pass-catching record to hits.

Playing two less than many of his rivals and previous record holders, Brown wound up with 57 caught, 10 more than his closest pursuer, final statistics of the NCAA Service Bureau disclosed today.

This was five more than the previous national mark set in 1947 by Mississippi's Barney Poole and tied by Art Weiner of North Carolina in 1949—both in 10-game schedules.

Brown put on a tremendous performance in his final game against New York U., catching 15 and setting a record by gaining 233 yards. This made Brown the first East-

erner to head the pass-catching standings, although this section has produced two champion passers and three team passing leaders in other years.

### Breaks Old Record

With 91 passes caught in two seasons, Brown also broke the record of 83 made by Weiner. The Fordham end led this year's receivers in yardage with 774, fifth highest single season total on record.

Second place went to Joe McClaran of Drake, who caught 47. John Carroll of Holy Cross was third with 46, and Rocky Ryan and Rex Smith of Illinois next with 45 apiece.

Leaders in taking passes for touchdowns were Willie Roberts of Tulsa with 12, and Yale's Ed Woodsum, with 11.

Pennsylvania's Bill Deuber had the best catching average, 21.7 yards on 26 receptions, while Joe Collier of Northwestern averaged 19.7 for 38, and Colgate's Gary Chandler had the same figure for 30.

The hostesses were Mrs. Gittlin, Mrs. Allen Harman, Mrs. Samuel Palmer and Mrs. Joseph Bushey.

**PEARL HARBOR (AP)** — Eleven years to the minute after the Japanese sneak attack on Pearl Harbor, sombre Americans gathered in a misty rain on Sunday and heard warnings of a possible new war to come.

At 7:55 a.m. 12:55 p.m. EST ground was broken for a \$75,000 shrine to honor the dead of the U. S. Navy—more than 2,000 of whom lost their lives on that fateful Sunday in 1941.

## TRYING TO PUMP NEW LIFE INTO WAGE CONTROLS

**By NORMAN WALKER**  
WASHINGTON (AP)—Administration officials attempted to pump new life today into the floundering Wage Stabilization Board, pledging that wage curbs will be kept with or without a board.

Mobilization Director Henry Fowler and Economic Stabilizer Roger L. Putnam said last night they were hopeful of persuading a new set of industry members to take seats on the WSB with public and labor members.

The industry members quit as a group last week end, thereby preventing the WSB from operating, as a protest against President Truman's reversal of the board

ruling on a pay raise for coal miners.

**Overruled By Truman**  
The WSB had held only \$1.50 of a \$1.90 daily pay raise negotiated for John L. Lewis' soft coal miners was allowable without upsetting inflation controls. Truman overruled the WSB decision, allowing the full amount. The WSB's seven industry members thereupon walked out and accused Truman of "political expediency."

Fowler and Putnam said in a joint statement last night they are trying to get industry to assign new members to the crippled WSB. They said prospects for this looked good. But they added that, in any event, wage controls will not be abandoned.

The alternative seemed to be that Putnam or somebody else in the Truman administration would take over the WSB's duties and decide what pay increases could be allowed.

**Wants Controls Dropped**  
This might not sit too well with

organized labor, however. It has always insisted on having a voice in any pay controls.

Moreover, Walter Reuther, newly elected president of the CIO, is coming to the capital for a round of meetings Thursday and Friday with Truman and Putnam to try to get them to drop controls altogether.

"We are determined to keep the program operating," the Fowler-Putnam statement said. "And we will do so."

The two officials promised they would not permit the coal pay raise—on which Fowler and Putnam disagreed with Truman—to be used as a precedent to jack up wages all along the line. They said Truman has said the coal case involved special circumstances.

Fowler and Putnam likened the situation to what happened in prices last summer when the steel industry was given an over-ceiling price boost to help settle the steel strike. They maintained that the steel price boost was "sealed off" from affecting other prices. They said the coal pay raise would be handled in the same way.

Charles C. Killingsworth, newly named WSB chairman, said industry members of the WSB's Boston regional board are reconsidering their resignations. He said industry men on the Kansas City and Atlanta regional boards have given assurances they won't quit, as did those on the Boston and Chicago regional boards.

"This is not a mass exodus as it first seemed," Putnam observed.

Many of the so-called licorice candies have little or no licorice in them.

## ON SEGREGATION IN HIGH COURT THIS AFTERNOON

WASHINGTON (AP)—The Supreme Court today will be asked to settle the question of whether sending Negro and white children to separate public schools violates the Constitution.

Such racial segregation is challenged in cases arising in four states and the District of Columbia. The final decision will affect 13 other states which maintain completely or partially segregated schools.

Arguments begin late this afternoon and may continue through Thursday, for a total of 10 hours of the court's time. The prolonged legal debate boils down to this simple issue:

**Can Reaffirm Or Reverse**  
Will the highest court now overturn—or reaffirm—an 1896 Supreme Court decision which established the "separate but equal" doctrine? The doctrine is that segregation is constitutional if equal facilities are provided for both races.

The National Association for the Advancement of Colored People (NAACP), a leader in the fight against segregated schools, says, "Segregation impairs the educational development of its victims."

"Race as a factor in the selection of students for admission to public schools," the association contends, "is a constitutional irrelevance, which cannot be justified

as a classification based upon any real difference which has pertinence to a valid legislative objective."

**John Davis To Reply**  
Segregation in itself is discrimination, the association argues, and therefore violates the 14th Amendment to the Constitution, which says no state may deny any person the equal protection of the laws.

The argument will be presented by association counsel Thurgood Marshall.

John W. Davis, Democratic nominee for president in 1924, will be among attorneys making replies. In a preliminary brief he declared:

"The history of the adoption of the amendment (after the Civil War) compels the conclusion that it has no such scope as is claimed. Under that amendment, the right of a state to classify its students on the basis of race, or for that matter of sex or age or mental capacity, has been so often and so pointedly declared by the highest authorities that it should no longer be regarded as open to debate. . . . Only an excess of zeal can explain the present challenge."

**Public Schools At Stake**  
Davis further argued, "Local self-government in local affairs is essential to the peace and happiness of each locality and to the strength and stability of our whole federal system."

He called attention to a statement by a special Federal Court in Charleston, S. C., that "if conditions have changed so that segregation is no longer wise, this is a matter for the Legislature and not for the courts."

Davis will represent South Carolina, whose Gov. James F. Byrnes says a ruling against segregation will result in the state's "reluctantly" abandoning its public school system. Byrnes is a former

## BAD RECORD IS HELP FOR JOB ON WATERFRONT

NEW YORK (AP)—A longshoreman recruited for dock work while he was still in Sing Sing Prison says the "worse record you had, the easier it was to get a job" on New York's waterfront.

Ex-convict Anthony (Tough Tony) Tischen testified yesterday before the State Crime Commission in its probe of waterfront crime.

The witness stand appearance of Tischen, who was given police protection for fear of possible reprisals, was pointed up by a plea from a shipping firm official for more city and state protection on the docks.

Moving through a fourth day of testimony yesterday, the Crime Commission was given a picture of racketeers along the 700-mile waterfront in both New Jersey and New York, which milk the harbor's seven billion dollar shipping industry of an estimated 350 millions annually.

Tischen, who has spent 11 of his 33 years behind bars, testified that a fellow convict offered him a pier job while both were still in Sing Sing Prison at Ossining, N. Y.

Saying ex-convicts were preferred for waterfront jobs, Tischen said he spent most of his working time "playing cards and looking to steal something."

John E. Slater, president of the

big American Export Lines, told the commission that company officials were helpless about conditions which he said forced them to take on ex-convict pier supervisors.

### WOMEN READERS SEEK DATA ON CARE OF PLANTS

This appears to be the time of year when women are concerned over the raising of potted plants, judging by the requests readers of The Gettysburg Times have sent to Dan P. Van Gorder, agricultural editor.

Adropes of the season also are the numerous requests received by Mr. Van Gorder for information on the curing of home-butchered pork.

African violets are giving trouble to a number of women, their letters to Mr. Van Gorder indicate. Other readers submit problems with cactus, gardenias, ferns and poinsettias.

Many take advantage of the coupons in The Gettysburg Times while others write personal letters outlining in detail their problems, which range from scale to lice on plants, and include mildew and falling leaves.

Some of the queries are less specific. The plants "just won't grow." A letter to Mr. Van Gorder, The Gettysburg Times agricultural editor, Box 1528, Washington 13, D. C., with a three-cent stamp enclosed, will bring the answer to many problems, whether it relates to plants, or to other subjects connected with lawns, flowers, vegetable growing, poultry, livestock and general agriculture.

Requests for this information reach Mr. Van Gorder from far and near. They are not limited to Adams County. Recent ones have come from Bedford, Dillsburg, Emmitsburg and numerous other communities outside the county.

### Reinstated Prof Says Justice Was Done

STATE COLLEGE, Pa. (AP)—A Penn State College staff member given back his job after being fired in a loyalty oath case considers his reinstatement as an "example of American justice."

Wendell S. MacRae was given back his job as publications production manager of the college department of public information over the weekend after a special investigator found he was "completely loyal."

"This example of American justice also demonstrates that the people can act within the law and with the help of a free press obtain justice for one of their numbers who has been unjustly treated," MacRae said.

Pitcher Harry Byrd of the Athletics, American League rookie of the year, won 10 games from July 11. He finished with a 15-15 record.

### Harrisburg Man Is Killed In New York

NEW YORK (AP)—A man identified by police as Gordon M. Avery, 53, of (4422 Fritchey) Harrisburg, Pa., fell to his death Monday from a window of his 12th floor room at the Barbizon-Plaza hotel.

The body landed on the sixth avenue sidewalk, narrowly missing several pedestrians and a sixth avenue bus that was discharging passengers.

Pole said Avery was associated with an investment firm. They said no notes were found in the room. Friends said the man had been ill. He checked into the hotel Sunday night.

### FAIL TO CLIMB MT. EVEREST

ZURICH, Switzerland (AP)—The Swiss Mt. Everest expedition has abandoned its attempt to climb the world's highest peak, the Swiss Alpine Research Foundation announced Saturday.

A communique by the foundation said extremes of wind and temperature forced the Swiss climbers and their Nepalese helpers to turn back "in spite of all their great efforts to reach the top."

"It is not yet known," the communique said, "what height was reached by the climbers who tried to reach the summit from Camp Seven which had been established on the south col (pass)."

The communique said the expedition returned safe and sound to their base camp on the Khumbu glacier at the foot of Everest on Nov. 22 on their way back to Katmandu, the Nepalese capital.

The expedition was the second Swiss attempt to conquer the 29,000-foot peak this year. The first expedition was forced back only a few hundred feet from the summit because their oxygen equipment proved inadequate to sustain the almost superhuman efforts of climbing at that altitude. The new attempt was made with improved, German-designed oxygen apparatus and other new equipment.

### LONDON'S GREAT FOG IS LIFTING

LONDON (AP)—London's great fog—worst in the city's long history—began to lift Monday and the grimy Britons got their first peek at the sun in four days.

The thick murk, laden with tons of choking soot from the British capital's thousands of chimney pots, began to clear soon after dawn.

For the past three days transportation in the sprawling city has been all but paralyzed. Some persons were killed or injured in accidents, and the underworld unleashed a new crime wave behind the dense smog curtain.

But by 10 a.m. Monday London's buses, subways, taxis and motorcars were running at nearly normal pace again and the Monday mid-morning rush hour went off without a serious hitch. Milk and other food supplies flowed back into the city normally and shipping in the Thames River began to untangle.

### Allies Plaster Many Red Targets

SEOUL (AP)—Hundreds of Allied warplanes swarmed over North Korea Monday, plastering Communist targets along the front and far behind the lines.

The U. S. Fifth Air Force said F86 Sabre jet pilots destroyed a Communist MIG15 over Sinuiju. They bagged seven of the Red planes Sunday for the biggest single-day score in nearly three months.

The U. S. Eighth Army reported another light day across the front. The evening summary listed only a few patrol clashes, mostly in the sensitive Sniper Ridge area on the Central Front. Temperatures stayed low, hovering around zero.

About 100 Chinese infantrymen hit Sniper Ridge early Monday. Determined South Korean soldiers held their ground and drove them off after a two-hour battle.

### Faculty Member New Tufts Prexy

MEDFORD, Mass. (AP)—Dr. Nils Y. Wessel, 38, has been named acting president of Tufts College. Wessel, a native of Warren, Pa., has been a member of the Tufts faculty since 1939.

He will succeed Dr. Leonard Carmichael who is leaving January 1 to become head of the Smithsonian Institute, Washington, D. C.

### BOY ARCHERS KILL BUCK

ALLENSTOWN, N. H. (AP)—William Tell didn't twang a stouter bow string than those of two youngsters who went hunting deer with their fathers Saturday, all armed with bows and arrows. Timothy Boyd, 12, and Charles Atkins, 13, let fly arrows simultaneously.

Both darts flew true to the heart of a 101-pound buck. Their fathers got nothing.

### OSLO, Norway (AP)—United Nations Secretary General Trygve Lie declared in a recorded interview with the Norwegian State Broadcasting System Sunday night that there is little hope for peace in Korea.

## News Briefs

**SAN FRANCISCO (AP)** — Passengers who barely escaped disaster when a TWA super - constellation transport made an emergency landing at Fallon, Nev., Sunday night described themselves as "very lucky."

The big plane, with 39 passengers and five crew members, experienced a double thrill: Two of the plane's four engines sputtered out. Then pilot Irvin Kravitz narrowly averted a bad crash when the brakes burned out as he made an emergency landing on the Navy's short auxiliary airstrip at Fallon.

**WASHINGTON (AP)** — Sen. Byrd D-Va. said Monday he will offer a bill to do away with the Reconstruction Finance Corp. RFC early in the session starting Jan. 3.

For more than 15 years Byrd has been taking pot shots at the government lending agency. In 1936 and 1937 he attempted to curb its business-loan activities and last year he plugged a bill to kill the RFC outright.
